SHIRIFF'S SALE.
I will, on Tue day, September 13, 1904, at Knifley, Ky., sell at public auction, on a credit of three months, a stock of general merchandise, a bay horse, 7 years old, one buggy, or enough there of to satisfy execution No. 4615, which issued from the Adair Quarterly Court in favor of Carter Dry Goods Co. against N. Tucker. Also enough thereof to satisfy execution No. 4616, which issued in favor of S. K. Humphrey & Co. against N. E. Tucker. Said sale will begin at 10 a. m.

F. W. MILLER, S. A. C.
GARNETT & GARNETT, Attys.,
Aug. 29, 1904.

Another of those enjoyable Ice Cream suppers and afternoon picnics to be given by the young ladies of St. Bernard's congregation on September 10. All come and enjoy a few hours of genuine pleasure.

May Clements, Mrs.

The residence of Jesse Ingram was burned at Deserater, Ala., a few days ago. His oldest daughter, Miss Lee, was consumed in the flames. Mr. Ingram formerly lived in this county.

For sale—15 fat steers, 2 and 3 years old. They are ready for the butcher. Also 2 extra good milch cows.

B. F. Tupman, Edith, Ky.

Mr. Creed Beard, Casey Creek, sold his crop of corn at \$1.50 per barrel and will leave in a few days for Shelby City where he will engage in the hotel business.

The leg of Mr. Will Ross, who accidentally shot himself two weeks ago, was amputated by physicians of Columbia last Sunday. At this writing there are some unfavorable indications.

Mr. B. F. Tupman, of the Green river section, stated to a News man Monday, that he had lived in Green river for 41 years and that this year's corn crop is the best of all. His opinion that the prevailing price for new corn will be \$1.50.

Monday was county court day and few people in town than usual for a September court, so long known as the day to sell suckling mules. There were quite a good number of mules offered but they could hear not a one was sold.

The prices asked ranged from \$35 to \$80 which seemed a little too high for the average fellow to risk trade in other lines was rather dull.

Mr. Jeff Epperson, Montpelier, was in to see us Monday and while his subscription was fully paid till next November yet he dropped in a dollar to cover an additional year. Mr. Epperson told us that he was married the 22nd day of December 1842 when the snow was 4 inches deep and the weather breezy. Mr. Epperson is 81 years old and his wife nearly 70. Both are in fairly good health and Mrs. Epperson milks two cows and does all her house work. Mr. Epperson is one of the few among the living who saw the great meteoric shower in 1833 and his recollection of that phenomena is still clear and fresh. He stated that the first locust year he ever saw was in 1838 and then 1855, 1872, 1889, all proved true to the old adage every 17 years is locust year. The next year for locust is 1906.

The M. and F. High School opened Monday with flattering prospects. About thirty pupils were enrolled.

IMPORTANT TO VOTERS.
One of the laws adopted by the last Legislature requires all voters residing in towns of the fifth and six classes to register prior to the election or be disfranchised. This applies to Columbia and any other incorporated town in Adair county.

In addition to the registration the law requires that a certificate be given each voter at the time he registers, which is the first Tuesday in October preceding the November election. Without that certificate it will be impossible to vote, notwithstanding a citizen may appear in proper form on the registration. If certificate is lost or destroyed the citizen can procure a new one by making an affidavit and paying the County Clerk 50 cents therefor. Voters will do well to learn these facts in mind as hundreds will doubtless be cut out of the voters through ignorance of this new law.

It is the duty of the county clerk as we understand, to procure the necessary registration blanks, and as Tim Stults is always ready for duty, voters can rest assured that they will be accommodated.

FOR SALE.
I will sell my farm of 272 acres, at Fairplay, seven miles from Columbia, Ky., at a reasonable price and fair terms. Good buildings, plenty of timber and well watered. Also a good store-house and a splendid stock of goods. Fairplay is one of the best county stands for business in Adair county. A bargain to a man who wants a good established business. My reason for selling is I am going West.

PETER HARVEY, Jr., Fairplay, Ky.

SEEK WEDD FOR SALE.
Turner Bros., Hatchery, Ky., near Campbellville, made a yield of 35 bushels of "Mealy Wheat" this year. The "Mealy" wheat is said to be the best to any more than any other variety of wheat. They have it for sale, \$1.25 per bushel. Sample can be seen at this office.

TAKE NOTICE.
All persons indebted to the estate of the late C. C. Eubank are requested to call at my residence and make settlement. Those holding accounts against the estate are requested to present them properly settled.

Miss ANN EUBANK.

Democratic Ticket.

For President,
ALTON B. PARKER,
New York.
For Vice-President,
HENRY G. DAVIS,

For Congress,
GEO. E. STONE,
Wayne.

ANNOUNCEMENTS.

For Circuit Judge.

We are authorized to announce that Hon. J. H. THURMAN, of Washington county, is a candidate for Circuit Judge in the district comprising the counties of Green, Taylor, Marion and Washington, subject to the action of the Democratic party.

Senator Fairbank's holds on to his Senatorial seat while reaching out to gather greater honors. His confidence of victory seems to favor the other side.

Mr. Babcock stated in New York, the other day, that he did not fear Roosevelt's election but the loss of power in the lower house of Congress. It would be awful to have a president and no house.

Mr. Stone may not be elected, but if the Republicans who are crying against fraud are in earnest for a reformation they can have it if willing to vote for a competent, honest Democrat.

It is rather singular that Republican organs are not boasting Old Man "Prosperity" and pleading to "let well enough alone," but conditions have changed in the last year although Teddy occupies the chair. There is a shrinkage in business, strikes all over the country and conditions not what they once were.

Casey County News: The Democratic Convention at Somerset, last week, nominated Hon. Geo. E. Stone as its candidate for Congress in the 11th District. This action is a very pleasant surprise to his many ardent admirers in this county, where he has lived many years. There are, perhaps, few people of any class or party, but what will be glad to see Mr. Stone honored by this or any other office to which he is fully competent. Knowing him to be fully competent to fill any position of trust that his friends may ask him to accept. We are not prepared to say what Mr. Stone's chances are for election, as the Republican party is overwhelming in the majority, nor is it the purpose of this paper to denounce its former political position and jump in the Democratic band wagon, but the editor is simply telling the plain truth, in a weak manner when it says that Mr. Stone is in every sense a gentleman, big-hearted, true and kind, and that many voters, through the kindness that has been shown them by Mr. Stone in bygone days, will earnestly support him regardless of his political convictions.

It is said that Alexander Dowie, the prophet, has requested his followers to pray for the election of Roosevelt.

The Columbia Spectator, in last week's issue, took the position that the Democratic candidate for President is in line with the trusts and for the gold standard and since The News is supporting him asked us whether we had had a change of heart or whether we were in earnest in our opposition to the gold standard in the fights of the past. It further suggests that to be consistent The News should support the populist nominee and remarks: "How's that Bro. Harris." Since so much interest is manifested and so much curiosity aroused as to our position we plank her down as follows: The News has never espoused a cause in haste and repented at leisure. It has never enlisted in a fight for its choice and for the sake of "harmony" relinquished its claims before the war was over. It has advocated measures from a standpoint of honesty and public good, as we were able to see them and never attempted to float in the middle of a stream to gather daisies from the soil of both banks. It has stood for honest convictions, gone through one of the most disastrous splits in its party, ever experienced in this or any State, and while many accused it being wrong, yet every man, woman and child knew exactly where it was and for what it contended. It has never lambasted others for fidelity to party principles or party nominees and has stood far and square uncovered in every trouble in which it unfortunately had a part. It has not been ranting, in every issue, about the sins and misgivings of the opposite party and endorsing worse crimes committed in its own. It has stood by our party nominees, in some instances, where political methods secured nominations in an unrighteous way, but in such cases it was the result of heated conventional methods and not the cool, deliberate casting of ballots in a primary. We have never believed that political parties could become as pure as a Sunday school and when it was our unpleasant duty to take part we stood our ground till the war was over. We may have been wrong in some instances but never occupied a doubtful or uncertain position. Now, since your columns have overflowed with denunciations of Democratic sins, for the last five years, since you term a Democrat a Gobelet, and make Gobelet the parent of fraud and political debauchery, and since you have been one of the loudest howlers on deck for a free vote and fair count, we wonder whether or not you have really been in earnest. In the face of your own accusations of starting frauds committed in your own party, breaking all records of political debauchery and thefts, if Republican testimony is to be received, you appear to be shifting from one position to another and not content to sleep with one political bed fellow for seven days. Your changing positions makes us think of Joseph's coat. No man knows for certain for what or for whom you stand. After a careful review it is our opinion that Old Man Harmony is your central figure regardless of your preaching against "Gobeletism." What a difference before and after taking! Are you waiting to see who gets under the cabin?

ESTO.

Mrs. Martha Blair is very low with consumption.

Mrs. Florence Godbey and two sons, of Middleburg, visited relatives here last week.

Born to the wife of M. O. Stevenson, Aug. 25, a 12 lb girl.

Ed. P. J. J. Barger was at Kendall last Thursday to officiate at the marriage of Dr. Ballou to Miss Cytha Lester.

Mr. Jo Williams, of Montpellier, and Mr. Ross Barger, of this place, went to Liberty last Friday. The latter pitched a game of ball Saturday.

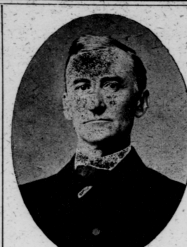

The corn crop in this section is not an average, wheat and grass unusually good.

Aunt Jane Phelps, who fell and was badly hurt six weeks ago, is slowly improving.

NOTICE.

As assignee of L. T. Neat, I will sell his stock of goods and fixtures, at Garlin, Ky., privately. Want to sell the whole stock at once. Garlin is a good stand to sell goods.

ALL SUMMER GOODS AT COST FOR CASH OR COUNTRY PRODUCE.

For the next 30 days I will sell all Summer goods at cost and in many cases less than wholesale prices.

A nice lot of this Summer lawns and wash goods. A big lot of lace and Hamburg Embroidery, dirt cheap. Big lot of sample shoes and slippers at about 50 cents on the dollar. Prices on Summer clothing reduced to make them go at once. A big bargain in straw hats in order to close them out before winter. All the above named goods I will sell at surprisingly low prices for the cash or produce. Come before they are gone. Come early and get the pick of the lot. I sell CURRIE FERTILIZER, and have a fresh carload coming. If you are going to use any Fertilizer this Fall it will pay you to see me before you buy.

Respectfully,

Mrs. W. B. Patterson attended the funeral service and burial of Mrs. Baker.

Messrs. Horace Young, Wm. Holladay and P. H. Barger returned Monday from the World's Fair.

The infant child of Mr. and Mrs. Ralph Waggener has been dangerously sick for several days.

Mrs. G. W. Womack, near Gentry, Miss. has typhoid fever and is in a dangerous condition.

All the teachers in the Lindsay-Wilson school arrived last Friday and are now at their post of duty.

Mrs. Jas. Garrett, Jr., and daughter, and Mrs. W. A. Coffey are visiting Mrs. A. D. Patterson in Jamestown.

Misses Emma Young and Minnie Hudson, accompanied by R. L. Smith, enjoying the Monticello Fair.

Mr. C. H. Murrell is mixing with the people of Wayne county this week at the Monticello Fair.

Mrs. J. S. Stapp and children, who spent several weeks visiting her parents in Missouri, returned home last week.

Mrs. Gordon Montgomery, Mrs. Zack Staples Mrs. Jane Turk and Mrs. Lizzie Robinson spent last Friday with Mr. J. S. Stapp and family.

Mr. Leslie Woodbridge, of Okla., who has been visiting in Russell county, left for his Western land of adoption last Monday, accompanied by his aunt, Mrs. Jas. McClure, who will spend a few weeks in that country visiting relatives.

Mr. J. N. Coffey, of the firm of Hughes & Coffey, was in the market last week for the fall stock of goods.

Mr. Coffey is known as the weather forecaster of Southern Kentucky and invariably buys goods to suit conditions.

Mr. and Mrs. Ed Cleaver, Lebanon, have placed three of their children in the Lindsay-Wilson School. Mrs. Cleaver accompanied them to this place last week and arranged for board in the dormitory.

Mr. C. J. Gill, of Ind. Ter., who has been visiting his brother, W. H. Gill, near Columbia, and other relatives for three weeks, left for his Western home Thursday. Before leaving Mr. Gill had his name placed on our subscription list, a good example for others who have left the old Kentucky home.

Mr. J. W. Flowers has been selected as stenographer for the State Democratic Campaign Committee. He left yesterday morning for Louisville to assume the duties. This selection meets with the hearty approval of the Democrats in Southern Kentucky.

Mr. Flowers is true to his party and thoroughly competent to fill the position.

Mr. J. S. Stapp, of Stapp Springs, business in his line rather active. Mr. Stapp makes and buys staves and also handles lumber. The timber still is being cut and probably more staves are being made now than at any other time since the business began in the county. Mr. Stapp has handled over two million staves since January 1903.

Mr. W. E. Lester, of Kendall, passed through Columbia enroute for the Louisville Dental college Monday. Mr. Lester will graduate in Dentistry this season and will probably enter the practice of his profession in his home county next Spring. Mr. Lester is one of our best young men, a close student and we predict success.

Mr. K. S. Lester, of Kendall, was in Columbia Monday and paid the News office a pleasant and profitable visit. Mr. Lester returned home in the afternoon accompanying Miss Florence Epperson to Monticello. Miss Epperson is one of Lincoln county's charming young ladies and is visiting her relatives in this section.

Mr. G. B. Smith is pushing work at his residence near the fair grounds and when completed will be one of the best homes of the town.

Mr. Moore Montgomery, of Rowena, was in Columbia Monday and reports that the yield of corn will not average up to expectations. He stated that many stalks have no ears and the recent dry weather has seriously reduced the yield of the late planting.

Mrs. Mattie Coffey, wife of Mr. Pink Coffey, whose home was near Joppa, died last Friday morning from consumption. Mrs. Coffey was an excellent Christian lady and her death is sincerely regretted by that entire neighborhood who deeply sympathize with the bereaved husband.

Rev. J. P. Scruggs preached an excellent sermon Sunday, his text being one of the Commandments, "Thou shalt not bear false witness against thy neighbor." Such discourses not only serve to edify the minds of the people but awaken and invigorate the noble impulses.

Messrs. W. L. Grady and W. H. Flowers were successful exhibitors at the Somerset Fair. Their fine string of horses took the blue in many of the most attractive and important saddle and harness rings. This week they are showing the people of the Monticello Fair that Adair county has something besides scrub cattle and plug horses. They will return next week with the blues.

Mr. Jas. Brewer, whose home was near Rollingburg, Green county, died last Wednesday, from the infirmities of old age, having reached the 86th mile stone of life. He had been living by himself since the death of his wife, 10 years ago. No one was present when death came. He was found in his bed by one of his neighbors who would indicate that his death was sudden. He was a good citizen and a second cousin to Mr. J. P. Beard.

We have not heard of any effort to secure the amount necessary for the building of the bridge at Neatsville. This is too important to that section of the county to allow it to fail. The people have left till next April to get the amount required by the Fiscal court but if it could be secured and the bridge built, the water would be much better. Gentlemen of that section don't allow the opportunity to pass. You can make up the county and no one be badly hurt. It is the supreme time for unity of action on your part and your interest to the great to allow it to fail. Push it to a finish and let the water be better and don't wait till the last chance is up.

Mrs. Jennie Coffey, wife of Mr. J. O. Coffey, this city, was severely hurt, at the home of Mr. Cy Roy, last Sunday, where she had gone to give assistance to the distressed condition of Mrs. Cy Roy, who had been in bed for some time.

Mrs. Coffey fell in attempting to sit in a hammock and received a painful injury to her left hip. Mrs. O. Grady and Grady made an examination of the injury and are not certain whether the real trouble is a fracture of the hip or not. The injury is very serious and the hurt was so painful that a thorough examination could not be made. Mrs. Coffey was immediately conveyed to her home and at this hour is doing as well as could be expected. Her family and many friends trust that she may soon recover but the hurt is an exceedingly painful one and its seriousness can not yet be determined.

The Lindsay-Wilson School opened its doors Monday morning with its full corps of teachers present. There were about 75 matriculations and the indications are that fall 1904 to 1905 will be a record for this institution before the close of this month. Only three rooms in the large dormitory remain to be occupied. This is one of the most auspicious openings in the history of this section of the country.

The Lindsay-Wilson School is equal to the best schools in any part of the country. Prof. Frazier, its principal, is a man of learning and experienced far beyond the average man put at the head of most all new schools.

It is a great pleasure to hear of the reputation of this school, as a Christian institution, as broad as the educational interests of the State, for he is one of our greatest leaders in the State. Prof. Frazier is well and favorably known and his fitness is too familiar to the people of this section to need to be mentioned.

Funeral services were conducted at the residence of Rev. J. P. Scruggs, his pastor, and the body was interred in the city cemetery. A good Christian, wife and mother gone to rest and the world made lonelier.

A FATAL RUNAWAY.

Mrs. Dollie Baker was Thrown From a Big Wagon Wednesday Afternoon

While Returning From Russell Springs, Accompanied by Her Husband, Judge H. C. Baker.

On Sunday afternoon, at 3 p.m., Mrs. Dollie Baker, wife of Judge H. C. Baker, this city, died at the home of Mr. Cy Roy, about 8 miles from Columbia, her death resulting from injuries received in an accident on Wednesday preceding.

On Wednesday Mrs. Baker and wife were enroute from Russell Springs to Columbia their horse became frightened and unmanageable and the only avenue of escape from the vehicle was to jump which was done at the most opportune time. Mr. Baker escaped unhurt while his wife received serious injuries as to cause the greatest fears for her recovery both by the physicians in attendance and the family and many friends apprised of the true condition.

The accident occurred near the crossing of Russell's creek, Baker was taken to the home of Mr. Cy Roy and Dr. Grison and Grady, of this city, immediately called. Under medical treatment and the best of nursing Mrs. Baker revived and there were hopes for her recovery entertained although she was known to be seriously hurt. This accident was a terrible shock to the members of the family who left within a few minutes after receiving the message, to be with their mother, and this entire community manifested such an interest as to show the highest and truest esteem for such a Christian lady. All that medical skill could administer, Mrs. Baker devoted relatives and friends could do was done to alleviate pain and restore her to her loved ones, but the injuries were too serious and she peacefully passed away the silent river of death Sunday at 3 p.m.

She was 61 years old, was born and reared in Lebanon, Ky. Her many Christian friends could not but be proud of her and esteem of this entire community and endeared her to the Presbyterian church of which she was an active, useful member.

The funeral services were conducted in the Presbyterian church by her pastor, Rev. W. C. Clemens, Monday afternoon and the body was laid to rest in the city cemetery.

All the children were present when the end came except Mrs. T. W. Walker and Mr. T. A. Baker, of Russell. Mr. Baker arrived a few hours after his mother's death.

In this accident and death, so unexpected and so serious, this entire community deeply sympathize with the bereaved husband and children in this saddest hour of their lives.

The Matt addition to Columbia, near the M. & E. High School, is on a boom. Mr. W. B. Cave is preparing to erect a 2-story dwelling on his lot and when completed will be one of the most beautiful on the hill. Mr. J. C. Strange, Wade (Baker) and Mrs. Yates have all purchased lots and are getting the material on the ground to erect new and convenient dwellings. This is a beautiful lot of land and we are glad to know that it will be covered by good substantial homes. No one will regret by putting his money in property in Columbia or bringing his family here to be educated. More territory should be opened up for home-keepers. Columbia is growing rapidly and within a few fleeting years will more than double its population and business. It is the time to buy, the time to come.

MRS. MARY RUSSELL DEAD.

Last Wednesday, at noon, Mary, wife of Dr. C. M. Russell, passed over the silent river of death at her home in this city. For several months Mrs. Russell had been in declining health and for the last thirty days grew rapidly worse until the end came. She was a victim of lung trouble and her death was not a surprise to her husband and many friends advised of her real condition. She was 32 years of age and resided in this town where she had many friends who sympathize with the bereaved husband and the little daughter, Regina, aged 10 years.

Mrs. Russell was a consistent member of the Columbia Baptist church, a good wife and loving mother, but in the Providence of God, was called from earthly friends just at the time when it would seem, life's work should be in its vigor, when the loving care of a mother should guide the steps of the little daughter, who so sadly feels her loss.

Funeral services were conducted at the residence of Rev. J. P. Scruggs, his pastor, and the body was interred in the city cemetery. A good Christian, wife and mother gone to rest and the world made lonelier.

SCHOOL MONEY WANTED.

All persons indebted to the Lindsay-Wilson Training School are requested to settle at once as we want to settle and get the matter paid off. The entire subscription is due the 1st of October, 1904, and if the unpaid subscriptions (by note or account) is not paid on or before that time legal interest will be charged on all installments from the time they were due until paid, and that legal steps will be taken to collect same. Pay to M. T. TUTT, TREASURER, and get your note or account settled.

By order of GUARANTEE COMMITTEE.

Quite a number of people who oppose a county fair are planning down their cash to enter the gates at St. Louis. We have never been able to see more harm in a little show than a large one.

There is a demand for dwellings in Columbia that can not be filled until more houses are built. Money invested in neat cottages will bring a good interest and we trust that those who are able to build will notice the demand. There are many good families who wish to move to Columbia on account of the schools and all parties prompted by such desires should be encouraged. They are the kind of people we want.

Dr. C. M. Murrell, Sabula, Iowa, to Wed Miss Irene Dohoney, Near Columbia

Invitations to the marriage of this well-known and highly respected couple have been sent out. The ceremony will take place at the residence of the intended bride's father, Mr. J. P. Dohoney, Sr., Wednesday morning, the 14th inst., at 9:30 o'clock. Rev. W. H. C. Sandifer, of the Cumberland Presbyterian Church, pastor of the young lady, will officiate.

Only immediate relatives and a few friends will witness the rites. Immediately after the ceremony the happy couple will repair to the residence of Mr. M. J. Murrell where they will have a most elegant dinner and in the afternoon they will leave for Campbellsville where they will take the train for St. Louis. After a week's stay at St. Louis they will go to Sabula, Iowa, the adopted home of the intended groom.

Dr. Murrell was born and reared in this county and after graduating in medicine, several years ago, he located in Iowa where he has built a fine practice. He was a young man of extraordinary talents, possessing a genial disposition, and stands high with the members of his profession.

The bride to be is one of the best young ladies in Adams county, her social disposition making her popular with everybody with whom she is acquainted. She will not only be married by the home folks but the community will note her departure with sadness.

In advance of the solemn and impressive ceremony, the bride desires to extend its best wishes, trusting that the well-watched couple will live to cherish each other down to good old age.

Since the Fair is over and the most of our people refreshed by the meeting of their many friends and seeing that the long drive home is over, we hope that some steps be taken to improve our town and better our country. We earnestly desire that the News, a Columbia ought to have water works. No intelligent person will dispute the real worth of such an enterprise to the town in general and to every person in the community who desires to be convenient. Every business man knows that the property of this town has no protection from fire save the highest rate of insurance; that every year much money is paid for others to take the risk which neither enriches the owners nor affords much consolation. We all know that with plenty of water under good pressure the very best sanitary conditions could be secured and enjoyed, this within itself should be so earnestly desired as to justify our citizens in putting up the money to install the plant. With water works we would better the health of the people, increase the comforts of life and reduce a heavy tax that goes to outside corporations. If the Council will investigate the cost and ascertain the best way to believe that a wonderful impulse will be given to this proposition. A bonded indebtedness for such a great necessity would not be a burden but a blessing both to residents and non-resident property owners. The receipt, would soon pay the interest and provide a sinking fund and leave the town as the settlement of the people on this proposition, but if the Council will take it up, this can soon be determined. Gentlemen of the Council, you have been chosen to represent the general interest of the town. Your predecessors have been content to repair the streets and put in culverts and leave the town as they found it. The proposition of advancement is up; you have an opportunity to pull out of the old rut or hold Columbia down to the old score. The

BOXING THE EARS.

There are several things very commonly done which are extremely injurious to the ear, and ought to be carefully avoided. One of these is the practice of boxing children's ears. The passage of the ear is closed by a thin membrane, especially adapted to be inflamed by every impulse of the air, and with nothing but the air to support it internally. What, then, can injure this membrane more than a sudden forcible compression of the air in front of it? If any one designed to break or over stretch the membrane, a more efficient means could scarcely be devised than to bring the hand suddenly and forcibly down upon the passage of the ear, thus driving the air violently before it, with no possibility of its escape without the membrane giving way. Medical authorities assert that many children are in this way made deaf by boxing on the ear—Buffalo Times.

An exchange gives expression to the following common sense remark: "God bless the girl that works! She is brave and true and noble. She is not too proud to earn her own living or ashamed to be caught at her daily task. She smiles at you from behind the desk or counter. There is a memory of her served up in the least gown. She is like a brave woman, never already for up the precipice—climbing, struggling, rejoicing. The sight should be an inspiration to us all. It is an honor to know this girl and to be worthy of her esteem. Life you hat to her, young man, as she passes by. Her hand may be stained by dish-washing, factory grease or sweeping, but it is an honest and helping hand. It stays misfortune from home; it supports an invalid loved one, maybe. It is a loving, potent shield that protects many a family from the almshouse."

DEPARTED.
On Thursday, August 11, 1904, at his late residence, near Milltown, Ky., R. T. Caldwell.

The deceased was born November 18, 1845, and was married to Miss Etta Wells in 1881.

Mr. Caldwell was noted for his generous hospitality, having a heart at all times in sympathy with the distressed. His friends were numbered by his acquaintances. He professed religion fifty years ago and joined the Methodist Church, but like many others he was not as consecrated as he should until recently when he told a friend he felt impelled to live a better life. On being asked a few hours before his death by his sister, Mr. J. W. Townsend, if the summons came, how was it with him, he said "All is well."

The home circle is broken; there is a vacant chair, a familiar voice is silenced; his name has been transcribed from the church militant to the church triumphant.

Mr. Caldwell was the youngest of a family of thirteen children their parents being Henry and Nancy Caldwell. The deceased had many virtues his loved ones should emulate. He leaves a wife, seven children, three sisters and one brother and a number of relatives and friends to mourn their loss. After services by Rev. Moll he was laid to rest in the family burying ground. A FRIEND

GENERAL NEWS.

Howard Davidson, aged 15, was run over and killed by a mine engine near Williamsburg.

Miss Mary Owens, 16 years of age, is dead of typhoid fever at Somerset.

Marion and Wright Young, son and father, were sentenced to 10 years' imprisonment each, at Williamsburg.

David Oundiff, aged 91, died at Somerset last week.

Nov Lawson, of Williamsburg, was sentenced to the penitentiary for 11 years for the murder of Josh Faulkner at a dance at Lawson's home last Christmas.

After the family and all the neighbors in and around Flatwoods, Garrard county, had looked 24 hours for Maggie Collett, 10 year old daughter of Thos. Collett, she was hiding in a cane brake near her home. When found the child gave as her reason for running away that her father had threatened to whip her. Soon after she disappeared her bonnet was found in the woods torn in shreds and foul play was suspected. A neighborhood fortune teller was interviewed and she told that the child had been drowned. The news soon spread throughout the section and searching parties organized and spent the night in the woods. No clue could be obtained until the bloodhounds arrived and set out on a trail, which led to the discovery of the little girl hiding in a canebrake.

In Marion county some nights ago while Spencer Clark was at the home of Mr. Pete Hays, in the Pleasant Run section, he left his horse hitched to the buggy in front of the house. When he started to go home he found that some human, cowardly scoundrel had cut the harness of the horse, had badly damaged the buggy and besides slashing the horse several times with a knife had cut out its tail and threw it in the gutter. The animal was fine and a big loss to Mr. Clark. Such characters as these are a source of great danger to any community and every means should be used by the officers and citizens to put them where they can't practice their nefarious deeds—Marion Falcon.

If all reports are true the apple crop will be by no means as large as was expected some time ago. Many of the large orchards near Lexington, which a few weeks ago gave promise of an exceptionally large yield will fall short of what was expected by fully 50 per cent. This is due, it is said, to an insect or worm which has made attacks on fruit near the stem—Lexington Democrat.

Another proposition looking to a settlement of the butchers' strike at Chicago has been formulated and will be presented to packers. Union leaders emphatically deny the reports that the strike is about to be called off.

Two men were killed during the race of the World's Fair automobile speed-out at an accident which demolished Barney Oldfield's racing machine and pair-fallo in injured Oldfield.

ROTTEN POLITICS.

Kentucky has recently been treated to two very disgusting spectacles of partisan political dishonesty. One was a number of Democratic Committee dishing, in calling a convention to order to nominate an Appellate Judge, that he had the right to go behind the certificate of a County Chairman, and decide all contests and deny the right of appeal from his decision. This outrageous action, which is a violation of all precedent, and absolutely demoralizing in its results upon future conventions, has been endorsed by the action of the State Central Committee. If the Secretary of the House of Representatives at Washington, whose duty it is to organize the House until a Speaker is elected, and whose functions are identical with those of a Committee calling a convention to order, should follow the example of the Committee in the Lexington Appellate Convention, and instead of resigning the certificate of the Secretary of State, should pass upon all contests, he would become the absolute arbiter of which party should be in control of the House.

The other case is the contest for the Republican nomination in the 11th District between Hunter and Edwards.

These two candidates left their claims to a primary election. Edwards received a majority of 1,100 votes, but a majority of the Republican Committee met and gave the nomination to Hunter. It was a deliberate case of robbery and among the boldest and most shameless cases on record.

As long as such acts as these are committed and go unrebuked they will get worse instead of better, and it will not be long until the candidate who will resort to the most unfair methods and who will steal the most votes, will be regarded as the fittest candidate for office—Elizabeth News.

COST A MILLION DOLLARS.

An army of workmen direct from Washington is now engaged in preparing the ground for the army maneuvers that are to take place between the 15th and 16th of September on the battle fields of Bull Run and Haymarket in Virginia. When the maneuvers are in full blast it is estimated that 25,000 men will be engaged. Of this number 5,000 will be regular soldiers and the remainder State troops. There camps will be established. All told the government has \$1,000,000 ready to spend on the maneuvering. The maneuvering area is 65,000 acres which under the agreement made with the farmers of Virginia, is to be leased to 20 cents an acre. On September 10 which probably will be the day of the maneuvers, there will be a parade and review of the entire force by President Roosevelt and General Corbin commanding the department of the East. There will be sham battles almost every day between State troops and State and Regulars.

It is alright for Carrie D. Wright to work for the Republican party, but

it is all wrong for Mr. Wright to draw pay from the public treasury for doing it.

It is only natural that the men who control governmental affairs by reason of their railroad connections should strenuously object to having the government control railroad affairs.

It is reported that something just as good as breakfast can be made from cottonseed. But in view of some breakfasts we have met this statement is nothing of a compliment to the cottonseed.

By constantly decreasing the size of the dinner pail the trust magnates who invariably support the G. O. P. hope to make campaign profit by reason of being enabled to print to the cotton of fullness thereof.

The mine owners suspended operations for a week because they had too much coal on hand, and the day operations were suspended cost advanced 25 cents a ton. The coal mine owners are riding to a fall.

Judges who would not accept a suit of clothes from a tailor having a case before the court have no hesitancy in accepting a more valuable annual pay from railroad incorporators having cases in court.

The Republican organs pretend that they are having great fun with Uncle Henry on account of his age. Perhaps they are, but Uncle Henry is old enough to know better than to do a great many things that have been done under sanction of the present administration—The Commonwealth.

AIDS TO DIGESTION.

Cold water acts as a stimulant to the membrane of the stomach, cleansing it also from the remains of food taken over night, when used early in the morning; but when taken late in the day, it is so much for a stimulant for as for something soothing and cooling, and these should be warm, or but water, as best agrees with them. A glass of hot water, slipped slowly, heats, soothes and restores tone to the mucous membranes, and the best time for taking either the hot or cold drink is six o'clock, in order that it may prepare the stomach for its work of digestion, and create an appetite for food. The water will at once be absorbed, and "that hungry feeling" will soon make itself felt. Many of our best physicians advocate the drinking of but a single glass of water before breakfast, while others, fully as good, order copious drinking. Water is a good laxative, and aids the action also to pass off the poisonous matter by a free perspiration; a cup of "strong hot water" is often a perfect cure for a bad headache, as it will at once open the pores of the skin, inducing a free perspiration of the face, scalp and neck.

Frequently the question is asked, is the world getting better or worse? Wickedness has a powerful sway in the land, but then we must stop to consider that most of the bad things are published and the good deeds suppressed. He who stands with his hand upon the great throttle that starts into motion the connection between heaven and earth, will yet be a story comes from Murfreesboro, N. J., that a man named Abbott Parker, who was struck by lightning has a picture of the crucifixion outlined on his back. While suffering from the stroke, he was taken into a convent and placed upon a bed over which there was a picture of the crucifixion. The picture on the man's skin was not tattooed and his intimate friends say it was not there previous to the shock sustained. Scientists can find no explanation for the mystery.

The bride who finds a spider on her wedding dress may consider herself blessed. A miniature horseshoe carried in the pocket is supposed to bring luck. For the sun to shine through the church windows on the head of the bride means future happiness.

For the bride to dream of fairies the night before her marriage is to be thrice blessed. To pass another wedding on the way to the church foretells good luck. Good fortune is said to be awaiting the bride who receives an unexpected present from abroad on the morning of her wedding.

CHEAP LANDS
For Home-seekers' and Colonies.

The country along the Cotton Belt Route in Southeast Missouri, Arkansas, Northwest Louisiana and Texas offers the greatest opportunities for Home-seekers. Mild climate, good water, cheap building material, abundance of fuel, and soil that will often in a single season yield enough to pay for the ground. Land can be bought as cheap as \$2.50 an acre, prairie land at \$4 and \$5 per acre up, bottom land at \$6 and \$8 per acre up, improved or partly cleared land at \$10 and \$15 per acre up. Some fine propositions for colonies—tracts of 2,000 to 8,000 acres at \$4 to \$10 per acre—big money in this for a good organizer. Fruit and truck lands in the famous peach and tomato belt of East Texas at \$10 to \$20 per acre up. Write us for information about cheap rates, excursion dates, also literature descriptive of this great country and let us help you find a home that will cost you no more than the rent you pay every year.
